500,000 Plant Takes Form at Mt. Gilead

Camera View of New Hydraulic Press Mfg. Co. Plant at Mt. Gilead

S. TARGET OF JAP ATTACK

Violent Press Tirade Hits America as Result of Marine Incident.

The Associated Press
July 9.—A violent tirade today across the newspaper Tair, generally regarded as the most powerful of the Japanese press, attacked the United States for its mistreatment of Japanese in the Philippines. The tirade demanded that the United States should release all Japanese prisoners and should allow them to return to their homes. It also demanded that the United States should stop its military operations in the Philippines and should withdraw its troops from the country.

New Factory for Hydraulic Press Mfg. Co. Rushed to Completion.

By BOB BYRD
One of the most modern industrial plants in north central Ohio is taking shape at Mt. Gilead—a \$500,000 structure for the Hydraulic Press Mfg. Co.
If construction work proceeds on schedule the new plant will be ready for operation by September. Structural steel work was begun on June 11 and already the work has progressed to the point that several other phases of construction are under way.
One hundred and twenty-five employees of the Austin Co. of Cleveland building contractors are now on the job and before long the number is expected to reach a peak of around 250.

PLAN WILLKIE TRAIN FOR EIGHTH DISTRICT

Special to Elwood, Ind., Would Start at Crestline.

Tentative plans for a special train to carry representatives of the eighth congressional district to Elwood, Ind. for the acceptance speech of Wendell L. Willkie, Republican presidential nominee, were announced today by Bud H. Lawson, Republican district committeeman.
Present arrangements call for a train traveling over the Pennsylvania lines, to leave Crestline about 5 a. m. and arrive in Elwood at 9 a. m. The train would pass through and take on passengers at Bucyrus and Upper Sandusky, as well as other points in the district. The fare would be \$5.50.
Although the exact date of Mr. Willkie's acceptance speech has not yet been announced, it probably will be Aug. 1 or shortly thereafter. Persons in this section wishing to join the party on the special train are requested to get in touch with the county Republican chairman or with Mr. Lawson in Marion.

DEFENSE TRAINING CLASSES OPEN HERE

60 Being Chosen from 135 Seeking To Enroll

Classes in mechanical instruction in Marion's phase of the state-wide program to train 30,000 Ohioans for work in industries supplying the nation's defense needs began this morning at Harding High School.
Upward of 135 persons registered for the training course but the class rosters will be limited to 60. Others will be placed on reserve lists and become eligible to join the classes in the event vacancies occur.
Restriction on the number of enrollees has been necessary because Harding High facilities permit only the formation of classes of 20 members or less according to L. H. Rucker vocational coordinator who is supervising the instruction program here.
Three classes are scheduled daily from 8 a. m. to noon from 1 to 3 p. m. and from 6 to 10 p. m. The evening session is particularly for those persons already employed in industry who otherwise would be unable to get the training offered.
Because of the large number of registrations it has been necessary to strictly enforce the requirement that applicants must have some mechanical ability. Additional applications, however, are being taken and filed at the office of the Ohio State Employment service at Center and State streets.

COUNCIL HEARS SEWER RENTAL FEE ORDINANCE

Measure To Charge \$4 a Year for Each Tap Gets First Reading.

City council last night took first definite action toward adoption of a sewer tap rental fee system for Marion when an ordinance that would make the fee system effective was given its first reading. The measure will be ready for second reading at the next meeting July 22 and if councilmen to choose may be given the third and final reading at that time.
The proposed rental plan would raise between \$28,000 and \$30,000 a year for upkeep and repair of the city sewage treatment works and the sewer system. Mayor R. C. Sharr told councilmen in a conference in his office last night before the council meeting.
By providing funds for care of the sewage treatment works the measure will release general funds of the city previously used for sewage treatment purposes. The mayor pointed out adding that the administration hopes with the general fund money thus released to buy some fire department equipment. Purchase of new fire equipment has been one of the administration's projects since insurance underwriters have reported that fire insurance rates will be raised here if the department's equipment is not brought up to date.

Other Business

Other matters before council last night included a discussion of applications for open bids on parking meters for Marion. Granting of a request for proposed bus station parking space on North State street and action on several fund transfers. Also council heard a complaint about the peddling of out of town ice cream bars in Marion, heard further inquiry about Pearl street widening and a complaint about the city's mounting relief deficit.

Schedule of Fees
The proposed sewer rental fee would be \$4 a year for single residences. The schedule for dwellings and apartments would be \$4 for one family, \$7.50 for two family units, \$15 for four family units and \$37.50 for each additional family on the same connection.
The schedule for other types of connections are as follows:
Hotels—50 cents a year for each room with toilet or bath \$4 a year for each public toilet unit.
Lodges, stores, restaurants, offices and mercantile establishments—\$2 annually for each private toilet unit \$4 for each public toilet unit \$4 for each kitchen sink \$2 for slop sink.
Factories and shops—\$2 a year for each toilet unit.
Churches—\$2 a year for each toilet unit.
Schools—\$10 a year for each grade school and \$20 for junior and senior high schools.
Hospitals—\$2 a year for each toilet unit.
Public buildings (such as courthouse)—\$2 a year for each private toilet \$4 a year for each public toilet unit.
Provision is made for council to establish rates for sewer service in special cases such as factories that discharge quantities of chemical wastes into the sewers and authority is given the safety-service director to conduct investigations in such cases and make recommendations to council.

TRUCK KILLS CHILD

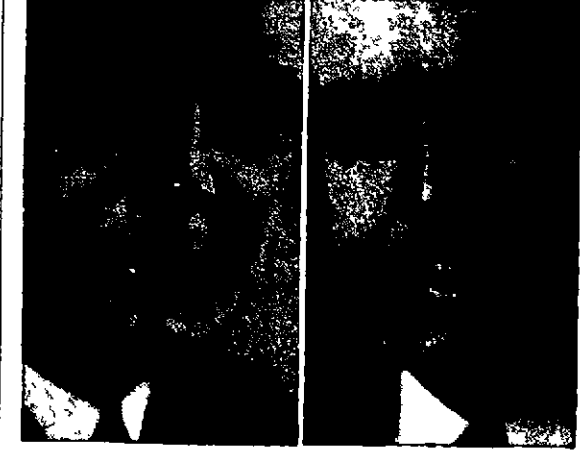

COLUMBUS, O., July 9.—A truck killed Delmer Tussing, 18 months old in front of his farm home east of here yesterday.

Union Bus Depot To Be Moved

Location on North State St. Expected After Aug. 1; Council Grants Parking Space.

Location of the union bus depot now at 130 East Center street will be changed Aug. 1, R. J. Lyons of Cincinnati division passenger agent for Ohio Greyhound Lines, announced today.
The new site probably will be at 142 North State street, in a room in the Kumfort hotel building. Mr. Lyons said, although negotiations for a lease have not been completed.
Announcement of the moving of the depot followed a meeting of city council last night at which Mr. Lyons appeared and was granted permission by council to use approximately 80 feet of the east side of State street in front of the proposed depot for parking space.
Mr. Lyons told council that the depot would need about 80 feet

THESE MEN TO DIRECT WILLKIE CAMPAIGN

GOV. HAROLD E. STASSEN, Advisory Head. JOSEPH W. MARTIN JR., Generalissimo.

MARTIN NAMED G. O. P. LEADER

Congressman Chosen Party Chairman To Direct Republican Campaign in Fall.

WASHINGTON, July 9.—Representative Joseph W. Martin Jr. of Massachusetts, house minority leader, today was named chairman of the Willkie presidential campaign.
John D. M. Hamilton, present committee chairman, was selected as executive director. He will work under Martin.

CRONIN DROPS DICKEY IN BATTING ORDER

A. L. Manager Keeps Team Topheavy with Yanks.

By The Associated Press
ST. LOUIS, July 9.—Manager Joe Cronin king for a day of the American league entrant in the eighth annual all star baseball game stuck to his Yankee laden lineup today but dropped Bill Dickey, New York catcher, to seventh in the batting order.
Lukie Appling, White Sox shortstop, was elevated to sixth in the transfer.
Cronin added that Red Ruffing definitely would start as pitcher. Manager Bill McKeehan's early morning doubt about his slumping hurler extended to his entire National league lineup as his charges took over the batting cage.
I may change my whole team after I see them work out, he said.
A mixed salvo of boos and cheers greeted the appearance of Joe Medwick, Brooklyn outfielder, as he took over his familiar left field post in front of the bleachers. It was his first St. Louis appearance since being traded by the Cardinals.
Newcomer Objects
Louis (Buck) Newsom, vocal pitcher for the Detroit Tigers who has won 12 games in a row, threatened to deny the 33,000 spectators a chance to watch him if Cronin stuck to his decision of five Yankees, two Boston relievers and one each from Washington and Chicago as the starting nine.
As hot as the arguments were the weatherman promised ideal conditions for the game with fair skies and a temperature near 90.
But apparently the Yankees of the past like girls with rouged lips eating corn-on-the-cob, left their marks as Cronin boudreau and Ray Mack of Cleveland for the 'old folks'.
And although the payers will be denied the chance of seeing the Indian infield paposes start Cronin declared he would substitute freely. It is also likely that Lou Finney of the Boston Red Sox benched by the Yank-loaded

French Decide To Give Egyptian Ships To British

By The Associated Press
ALEXANDRIA, July 9.—French naval authorities here agreed today to turn over to the British the French fleet at Alexandria to the British.

The French are arranging transportation to France of the crews of all the warships.
The French decision raised the possibility of another British-French naval battle here such as occurred at Oran, Algeria, July 7, and left the British fleet free to move more of its power against the Italians in the Mediterranean.
An off 1st statement said the French Admiral Godfrey, commander of the ships at Alexandria, had agreed to put them in a condition so they could not go to sea to demilitarize them by removing certain armaments and to reduce the crews to the men necessary for care and maintenance. Thus the ships will lie at Alexandria for the duration of the war, most of the crews will be returned to France and Britain has promised to return the ships when the war is over.
The French liner *Athos*, which has been in port several weeks, is expected to transport troops in event of minor hostilities. The 12,000 ton French liner *Provence* arrived here last Thursday after rumors had circulated that the French would solve the dilemma caused by Britain's ultimatum by giving up the ships and sending the crews home.

British Disable Huge French Battleship

By The Associated Press
LONDON, July 9.—The battleship *Richelieu*, one of France's newest and mightiest dreadnoughts, has been disabled by British depth charges at Dunkerque. A V. Alexander, first lord of the admiralty, informed the house of commons today.
The 35,000 ton *Richelieu* is down by the stern and listing in port. Alexander announced.
Attack by depth charges yesterday was made after the French had failed to reply to British conditions, Alexander said.
He disclosed that the British navy had engaged in two further operations since its attack July 3 on French units at Oran to insure that France's fleet be kept from German and Italian hands. Several French capital ships now have been accounted for, he declared.
The depth charges which crippled the *Richelieu* were dropped from a motorboat close under the stern to damage propellers and steering gear, Alexander said, while aircraft dropped torpedoes. All the attackers escaped safely, he said.

Sabath Declares President Can't Refuse Nomination

By The Associated Press
WASHINGTON, July 9.—Representative Sabath (D-Ill.) said today that President Roosevelt was not a candidate for third term but that he could not refuse the nomination that will be given him.
Talking with reporters after his chat with the Chief Executive the Illinois representative said:
I told him that if he is thinking of coming down to Chicago to stop the nomination it is useless because not even he can prevent it. He owes it to the party to the nation and to the world to accept it.
Sabath said Mr. Roosevelt at this point threw back his head and laughed, and then said he did not know whether he would go to Chicago.
He is going to be nominated and elected and I will stake my life on it, Sabath declared.

Profanity In Court Brings 30-Day Workhouse Term

Paul Hitchcock, 45, of Marion learned today that the municipal courtroom is not the proper place for profane language.
Arrested by police on a charge of intoxication last night at 7 in the downtown section, he was taken before Municipal Judge Hazen for arraignment this morning.
Inferring that he had no choice but to plead guilty, the defendant unloaded a tirade of profanity.
Twenty-five dollars and costs on the intoxication charge, ruled Judge Hazen, who then added, "and 30 days in the Columbus workhouse for contempt of court."
Hitchcock was removed to the county jail for transfer to the Columbus institution later this week.

BRITISH NOW FREE TO STRIKE BLOW AT ITALY

Axle Powers Map Drive on England; U S Destroyers Watch West Indies

BULLETIN

By The Associated Press
LONDON, July 9.—Reuters, British news agency, quoted Japanese reports from Singapore today that the British had seized the 43,450 ton French liner *De France*.

By The Associated Press
Suicide of the entire French fleet at Alexandria to Britain was reported today as home dispatches disclosed a purported German-Italian agreement for a three fold attack on the British empire.

The decision of French naval authorities to turn over the French fleet at Alexandria leaves the British free to seek out the Italian navy in the Mediterranean for the future engagement, promised by Prime Minister Winston Churchill last week.

It came at a time when reported German movements hinted at a Nazi attempt to wrest Britain's control over the Mediterranean at Gibraltar.
The triple scheme of attack on Britain as outlined in Rome by the authoritative *Virginio Gayda*, a longtime known as Mussolini's mouthpiece, calls for:
1. Blockade of the British Isles.
2. Destruction of Britain's empire contacts, which might include Gibraltar, Malta and the Suez canal.
3. Defeat of the British 'at home in imperial territories and at sea.'

Tasks Laid Out

Both Italy and Germany, Gayda said, have specific tasks for their goals with Italy assigned to strike at four places on land and army British shipping in the Atlantic, Mediterranean, Red Sea and Indian ocean—above all to immobilize Britain's sea power in the Mediterranean.
Meanwhile first lord of the British admiralty, A. Alexander, revealed that the new 35,000-ton battleship *Richelieu* was crippled at Dunkerque, French West Africa in a daring raid by a British motorboat which dropped depth charges close under the *Richelieu*'s stern and planes torpedoed her.

Alexander said seven French capital ships have now been accounted for since the British last week seized an ultimatum on the French fleet either to surrender or to allow their ships to prevent them from falling into the hands of the axis powers.
A naval battle within the Pan-American neutrality zone was forecast today in dispatches from Vichy. French government seat, declaring French fleet units blockaded at Martinique expected British warships to attack at any moment.

1200 Miles From Miami

Martinique is a French owned island in the Caribbean sea 200 miles northwest of the Venezuelan coast. It is about 1200 miles southeast of Miami, Fla.

French navy ministry sources said the beleaguered craft included France's only aircraft carrier, the 22,144-ton *Bearn*, the 5,496 ton training cruiser *Jeanne D'Arc*, several submarines and smaller fighting ships.
A group of U. S. navy destroyers was previously reported enroute to the Martinique area to act as observers of any sea clash which might violate the neutrality zone.

Presumably under orders of the Petain government, which last week directed all French warships to fight their way home, if necessary the French ships at Martinique will give battle against any British attack.

France Courts Pacifism

France's entry into the ranks of totalitarian states, under the domination of German conquest, appeared certain today when the French chamber of deputies approved, 395 to 3, a bill granting full powers to Premier Marshal Henri Philippe Petain's government to write a new constitution.
Petain is expected to assume the title of "Chief of State" in a virtual Nazi-Fascist "chain store" system of European governments.

LIPPMANN

(Continued from Page 6)

panes guns and tanks
plants and labor em-
and unemployed which
possesses. It is no
question of whether the

government shall stimulate pri-
vate industry or compete with it,
but of the government's obtain-
ing from industry a great navy
and air force and an army.
Other issues will have become
quite unimportant. A nation which
is seriously arming itself in the
modern world will certainly have
no further use for those measures
of the New Deal which restrict
production for the purpose of
making work and inflate purchas-
ing power for the purpose of in-
creasing private expenditure. The
nation will need instead measures
to increase the productivity of
labor and to restrict civilian con-
sumption, which competes with

the needs of armaments. But by
the same token a nation which is
seriously arming cannot be inter-
ested in the old Republican idea
of unregulated and undirected pri-
vate enterprise. To prepare for
war is to organize and direct in-
dustry and investment for the na-
tional purposes, and not to let
them be managed for private
profit.
Both parties will therefore find
that their old principles and sto-
ries have become obsolete and
that the task of organizing this
nation in a world of armed totali-
tarian states will call for a rapid
and a radical reevaluation and re-
adaptation of their mental habits.

CHARLES E. ALBAN, 82, DIES NEAR NEVADA

Special to The Star
NEVADA, O. July 9.—Charles
Elmer Alban, 82, a native of Eden
township, Wyandot county, died
yesterday at his home three miles
west of Nevada after an illness of
dropsy and heart trouble. Sur-
viving are seven children: Ray,
Ralph and Clarence of southwest
of Nevada; Arlington at home;
Mrs. Nellie Meyers of west of
Nevada; Mrs. Edna Wineandy of
Upper Sandusky and Mrs. Geneva
Gardner of Chillicothe. Friends
may call at the home from noon
Wednesday until 10 Wednesday
night. The funeral will be con-
ducted Thursday at 2 p. m. at the
Bender & Lucas funeral home in
Nevada, followed by burial in the
Nevada cemetery.

MOTORIST FINED \$100 ON DRUNKEN DRIVING CHARGE

John Knickle, 56, of Richland
pike was arrested by police on a
charge of drunken driving today
at 3 a. m. on Davis st. He was
picked up by officers who re-
ported they saw his truck weav-
ing back and forth in the street.
He pleaded guilty at an arraig-
ment in municipal court this
morning and was fined \$100 and
costs and his driving rights were
suspended for six months.

STANDARD OIL DISTRICT GROUP HOLDS MEETING

Service station managers of the
Standard Oil Co. met yesterday
afternoon at Hotel Harding with
C. M. Gorbey, division supervisor,
in charge. Managers from Foster-
ia, Tiffin, Bucyrus, Kenton, Dela-
ware, Mt. Gilead, Marysville and
Marion attended. Sales figures for
the past month and the merchan-
dising program for July were
discussed.

Police Group Recommends Sweeping Changes in Ohio Highway Patrol

By The Associated Press
COLUMBUS, O., July 9.—
Sweeping changes in Ohio's seven-
year-old highway patrol were out-
lined in a 136 page report of the
International Association of Chiefs
of Police to Robert S. Beighler,
state highway director.
Describing the patrol as seri-
ously undermanned, the report
said that Ohio while fourth in
population, miles of state highway
and number of vehicles, ranked
10th in patrol size. It advocated
changes in manpower training
and enforcement.

SEC INVESTIGATES UTILITY STRUCTURE

Ohio Witnesses Appear Before
Federal Board.

By The Associated Press
WASHINGTON, July 9.—The
Ohio Public Service company
must maintain nine state divisions
for satisfactory and economic op-
eration contends T. O. Kennedy of
Cleveland, general manager of the
utility.

Testifying before a securities
and exchange commission exam-
iner, Kennedy denied the assertion
of SEC counsel that the company
could operate more efficiently if
there were fewer divisions.

The Clevelander appeared in
connection with an investigation
of the corporate structure of the
Cities Service company. Ohio
Public Service is a subsidiary of
Cities Service which seeks to
show it is an integrated public
utilities system within the mean-
ing of the holding company act.

Kennedy asserted a reduction in
the number of Ohio Public Service
company's state divisions had been
found inadvisable after careful
consideration.

He noted separate divisions at
Lorain and Elyria both within Lor-
ain county saying an attempt to
have only one division in the
county was unsatisfactory because
of customer density.

The company located its Ohio
Central office in Cleveland where
it had no service to avoid influ-
encing local management in other
parts of the state, Kennedy testi-
fied.

A vice president in charge of
each division and has authority to
conduct dealing with the public in
the division he serves the general
manager added.

Kennedy and R. E. Burger, vice
president of Cities Service, said
there were no joint employees of
Ohio subsidiaries as far as pay
rolls were concerned.

CHARGES PHONE COMPANY HELPS SUPPORT UNION

Bellevue Concern Ordered To Dis-
continue Practice

By The Associated Press
CLEVELAND, July 9.—The
Northern Ohio Telephone Co. of
Bellevue has dominated the
Northern Ohio Telephone Em-
ployees' council and contributed to
support of the workers' organiza-
tion, says an intermediate report
on file today with the national
labor relations board here.

George Bokel, labor board trial
examiner, recommended in his re-
port that the company withdraw
support and disestablish the coun-
cil.

The examiner also recommend-
ed the company refrain from com-
plicity with a council contract.
The company has 20 days to file
exceptions to the report and ask
for oral arguments the NLRB re-
gional office said.

Bokel conducted a hearing after
the CIO utility workers organ-
izing committee filed a complaint.
The examiners report made no
mention of a witness charges at
the hearing that a labor board at-
torney attempted to intimidate
him.

MRS. LENA HARTER DIES AT HOME IN BUCYRUS

Special to The Star
BUCYRUS, July 9.—Mrs. Lena
Harter, 80, died at 4 p. m. yester-
day at her home at 222 Woodlawn
avenue. She had been ill six
months.

Mrs. Harter was born in Wur-
temburg, Germany and came to
America with her parents when
she was a year old. She had lived
her entire life in Oceola and Bu-
cyrus.

Funeral services will be con-
ducted at 2:30 p. m. Thursday at
the Henderson & Lutz funeral
home with Rev. J. H. Butler, pas-
tor of the First Methodist church
of which Mrs. Harter was a mem-
ber officiating. Burial will be
made in Oakwood cemetery.

ILLNESS FATAL TO SAMUEL GREEN, 59

Passes Away at Sister's Home
on Bryant St.

Samuel Green, 59, of Copeland
avenue, died today at 3:05 a. m.
at the home of his sister, Mrs.
O. J. Briner of 956 Bryant street.
Death followed an illness of dia-
betes.

Mr. Green was born in Seoto
county on Jan. 1, 1881, to John
Green, a native of the county and
Jane Darnell Green, a native of
Pennsylvania. He never married.

The family came to Marion 43
years ago from Portsmouth, O.
Surviving are two sisters, Mrs.
Briner at whose home he died,
and Mrs. Katherine Barr of Bry-
ant street and one brother, Wil-
liam Green of Kenton avenue.

Friends may call after 7:30 to-
night at the Briner home. The
funeral will be conducted Thurs-
day at 2:30 p. m. at the Forest
Glen funeral home. Burial will
be made in Forest Glen Memorial
park.

Court News

Judgment Refused

Verdict for the defendant was
returned late yesterday afternoon
by a common pleas court jury in
the damage action brought by
Boyd Moore of near Augusta
against Earnest Russell of LaRue.

The plaintiff sought \$5,375.56
for injuries which he contended
his wife, Mrs. Sarah F. Moore,
suffered in an accident one half
mile north of LaRue Oct. 21,
1938, as a result of Russell's neg-
ligence in the operation of his
automobile. He asked \$75.56 for
medical care and \$5,000 for loss
of time and services.

Walter D. Moore represented
Moore and the firm of Wilchin &
Robinson represented Russell.

Divorce Actions

Petition Filed.—Nellie Howard
Petition filed in common pleas court
by Homer E. Johnson, asks divorce
and temporary injunction re-
straining defendant from molest-
ing her pending action.

Answer Filed.—By Pearl I.
Hollis to divorce action brought
against him by Elizabeth Hollis.
Mr. Hollis represented by Homer
E. Johnson denies allegations of
plaintiff and asks dismissal of her
petition. Mrs. Hollis represented
by Martin & Reed filed suit June
10 seeking a divorce on grounds
of neglect.

Partition Suit

Suit for partition of lot No. 5750
in Goshawk pino addition has
been filed in common pleas court
by Lawrence Hollis against Eliza-
beth Hollis and others. Mr. Hollis
is represented by Homer E.
Johnson.

the City hospital following an ill-
ness of one and one half years.
She was born at Chaffield April
26, 1883.

Surviving are her husband,
Isaac Bittner to whom she was
married April 1, 1905 and a
daughter, Dorothy Bittner of Bu-
cyrus.

Funeral services will be con-
ducted at 2 p. m. Wednesday at
the Wise funeral home and burial
will be made in the Lust cem-
etry north of here.

FORMER BUCYRUS SCHOOL TEACHER DIES AT 94

Special to The Star
BUCYRUS, July 9.—Mrs. Emma
Jane Balzell, 94, a teacher in the
primary school here for 28 years
died yesterday afternoon at the
home of her daughter, Mrs. Wil-
liam Redman in Canton. She had
been a resident of Crawford coun-
ty for 80 years and was the
widow of William Balzell, a Civil
war soldier.

Surviving is the daughter, Mrs.
Redman and a son-in-law, Wilson
Hurt of Bucyrus.

Funeral services will be con-
ducted at 1:30 p. m. Thursday at
the Wise funeral home here.

be made in the Crestline ceme-
tery. Nearly one-half of Oregon's

Social Affairs

MISS MAY ELLA O'BRIEN, program chairman, and members of her committee are in charge of arrangements for the picnic supper and guest party to be held by the Marion Garden club Thursday evening at the Country club. Assisting Miss O'Brien in planning for the affair are Mrs. Morgan E. Burke, Mrs. W. A. Dennis, Mrs. David W. Evans, Mrs. Frank M. Knapp and Miss Ruth Gorman. Supper will be at 6 o'clock.

GOLF will start promptly at 9 o'clock at the weekly ladies' day party Thursday at the Country club. In the afternoon the men and their guests from Findlay will have the course.

Mrs. Ralph McPann of 883 Woodrow avenue entertained Saturday afternoon for friends of her son Marvin in honor of his fourth birthday. Present were Ann Morrison, Jo Anne Hoffman, Marlene Baehr, Frances Korte, Carolyn Koehler, Freddie Koehler, David Koehig, Carlos Dennis, Ralph McPann Jr., Lowell McPann, Mrs. A. J. McPann and Mrs. Walter Baehr. Miss Gernie Smith assisted the hostess in serving.

Mr. and Mrs. Raymond Philip Grummel of Tiffin are announcing the approaching marriage of their daughter, Virginia, to Earl H. Krupp Jr., also of Tiffin. The wedding will take place Saturday, July 27, in St. Mary's rectory. The bride-elect has friends in Marion, having made her home here about four years ago.

Weddings

Of interest here is the marriage of Miss Marjorie Alice Grueser, daughter of Mr. and Mrs. Austin Grueser of Elyria, formerly of Marion, and Elmer Edward Nickoli of Elyria, which took place Saturday, June 29, in St. Agnes church, Elyria. The nuptial mass was sung by Rev. Father Leo J. Brisset.

The bride was given in marriage by her father. Her gown of white satin was made princess style, with a long train. The yoke was of lace and fashioned with a sweetheart neckline and the skirt and long sleeves had long inserts of lace. Lace edged her long bridal veil which was appliqued with lace flowers, and she carried an arm bouquet of Easter lilies, roses and gardenias tied with long satin streamers.

Miss Alice Nickoli was maid of honor. Her dress was of pink chiffon with lace inserts and short, puffed sleeves. Her head-dress was fashioned of Tullisman roses and she wore a shoulder

length veil. Her flowers were an arm bouquet of Tullisman roses and blue delphinium.

Eugene Myers served as best man for Mr. Nickoli, who is the son of Mr. and Mrs. Edward Nickoli of Elyria, and ushers were John Gutowski and Austin Grueser Jr.

The bride's mother wore blue lace with matching accessories and the bridegroom's mother wore blue chiffon with matching accessories.

Following the ceremony there was a reception for 125 guests at the home of the bride's parents.

Later the couple left on a wedding trip to the Smoky mountains and Washington, D.C. The bride chose for traveling a salmon colored ensemble with white accessories. They will live at 522 Foster avenue, Elyria, until their new home on Emerson court in that city is completed.

The bride attended Elyria High school. Mr. Nickoli was graduated from Elyria High school and Oberlin college and is employed with the Western Automobile Co.

Miss Corabel Campbell of 796 East Center street has returned from Colorado Springs, Colo., where she attended the wedding of her niece Jeanette Campbell Brinson, to Dr. Homer Byron Brown, son of Dr. and Mrs. H. E. Brown of Colorado Springs.

The wedding took place Tuesday, June 18, in the First Presbyterian church at Colorado Springs. The bride wore a white satin wedding gown made with a train and her finger tip veil was caught with orange blossoms. Her shower bouquet was fashioned of pink peonies and blue sweetpeas. Miss Virginia (Lark) was her only attendant.

Her gown was of blue net over matching tulle and she wore a shoulder length veil and carried Tullisman roses.

Dr. and Mrs. Brown motored to Estes park and other points of interest on their wedding trip. They will be at home at 125 West Chenoweth road, Colorado Springs.

Miss Jean Waggle, daughter of Lloyd Waggle of 287 Silver street, and Proctor Fagin, son of Harry Ferrin of Marion, were united in marriage yesterday afternoon at 2 o'clock by Rev. Lawrence A. Wood at the Trinity Baptist church parsonage on South State street. Miss Janet Collins and Thomas Waggle, brother of the bride, were the attendants. The bride wore a blue dress and blue picture hat, while accessories and lace was in yellow with white accessories and wore a corsage of gardenias. Guests at the marriage were Lloyd Waggle and son Jack, Mrs. Lewis Seiter and Mrs. Mabel Waltherus. Mr. and Mrs. Ferrin are at home at 432 Henry street.

Word has been received here of the marriage of Miss Marie Harper, daughter of Earl Harper of Davis street, and Harry W. McNicol of Denver, Colo., which took place Monday, July 1, at Casper, Wyo. The ceremony was read by Rev. William Hints, in the Methodist church. Mr. McNicol, who is a salesman with the Ford company, and his bride will live in Denver, Colo.

The marriage of Miss Theima Marie Brece, daughter of Mr. and Mrs. P. O. Brece of 508 Avon-

SEALED WITH KISS

Willis Hunt Jr., yacht broker and society figure, kisses his bride, the glamorous actress Carole Landis, as they return to Los Angeles from Las Vegas, Nevada, where they were wed.

Personal Mention

Mr. and Mrs. Russell Kroons and daughters Kay and Marilyn of Fullerton, Calif., left today for their home after visiting relatives and friends here. They were accompanied by Miss Virginia Kroons of 1014 East Center street, who will spend the summer in California. The trip west will be made by way of the Grand Canyon and Boulder Dam.

Mr. and Mrs. David L. Scott of East Center street were week-end guests of friends in Detroit, Mich.

Mrs. John Corbin and daughter Joan of Agosta were dinner guests of Mr. and Mrs. S. E. Berry of First avenue, Monday.

Mr. and Mrs. C. H. Artman of Hornell, N. Y., returned home yesterday after a week-end visit with Mrs. Artman's parents, Mr. and Mrs. C. M. Tobin of Sugar street.

Mr. and Mrs. Carl Barkley of 134 1/2 North Greenwood street have returned from a trip to Cumberland Falls, Ky., Norris Dam and the Great Smoky mountains.

Dr. Gertrude K. Meek of Cleveland arrived today for a visit with her mother, Miss Pansy Rauhauser of 519 Linden place.

PARTY AT RICHWOOD

Mr. and Mrs. William Swartz and son Paul of Richwood entertained the following guests at dinner Sunday: Mr. and Mrs. O. Sparks, Marcelle and Paul Sparks, and Mr. and Mrs. Edwin Okoneski and son of Flint, Mich. Miss Ethel Sparks, June and Lester Sparks of LaRue, Mrs. Lucy Fields, Mr. and Mrs. Maurice Warner and family, Mr. and Mrs. Zane Randall and family, Mr. and Mrs. Claud Swartz and family of Richwood, Mr. and Mrs. Virgil Swan and daughter of Radnor, and Mr. and Mrs. Clifford Wasserbeck and family of Green Camp, Mr. and Mrs. M. O. Sparks, Marcelle and Paul Sparks, and Mr. and Mrs. Okoneski and son, James of Flint, spent from Thursday until Sunday with the host and hostess and son.

dale avenue, and Frank Kepler of Prospect took place Saturday afternoon at the First United Brethren church parsonage on South Prospect street. Rev. Carl V. Roop, pastor, officiated. The bride wore a poude blue dress with black and white accessories. She was graduated from Harding High school last month. Mr. Kepler is employed at the Marion Steam Shovel Co. They will live in Marion.

Gronig was elected secretary and Mrs. E. J. Gronig was elected treasurer. The next reunion was planned for the next Sunday in July 1940 at Hamilton park.

FORMER MARION STOCK ACTOR IN "LIFE" MOVIE

John Adair has role in "The Ramparts We Watch."

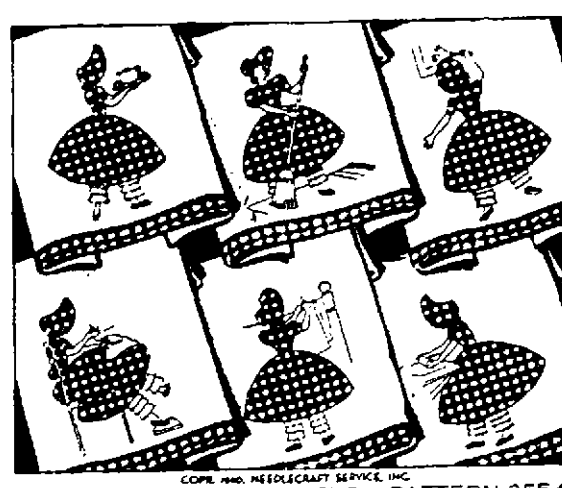

Marion residents who recall the team of John and Jane Adair, who had several successful seasons with their stock company at the Grand opera house about 25 years ago, will be additionally interested in March of Time's first feature-length picture, "The Ramparts We Watch," now ready for release.

John Adair plays the role of "Dan Meredith, Editor of 'The Day'." His picture, together with others in the cast, appears in the July 8 issue of Life magazine in a two-page spread announcing the picture.

His role is one of 73 important speaking parts in a cast numbering more than 1,400. It is his first appearance before the motion picture cameras, although he has appeared on the March of Time radio broadcasts for several years. According to the announcement, the film recreates, as it really was, the one great period in American history which most affects this nation today—the period of 1914-18, when America met one of her most fearful crises.

The film will be shown at the Palace theater, probably within a month, according to the management. A definite booking date has not been set.

Marriage Meddlers

By ADELE GARRISON

ONE thing I saw clearly as a corollary of my conviction that Jack Leslie, if he came face to face with the supposed Noel and Mary would penetrate their disguise at once. At any cost he must not be permitted to leave the thicket in which he was a hidden spectator of what was going on in the road and in which, a little way behind him, Lillian and I were also hiding.

My eyes went to Lillian's face and she nodded in psychic comprehension of my thought. Then she lifted her right hand ever so slightly—the one which held the pistol, and I knew that she was warning me to be watchful, alert.

Neither Harry, Dickey, nor any of the men with them spoke a word when their cars had been brought to strategic positions in which they could turn in either direction.

The silence lasted for several seconds, which, to me, fighting an inclination to sneeze or cough or breathe deeply, seemed as many hours. Then the leader of the men in the other car blared a suspicion, natural enough in the face of our men's speedy return.

A Suspected Double-Cross

"What did you do, fly to that place on the road to Southampton where you promised to park your boys? Or did you just knock them on the head and throw them into the nearest ditch?"

I saw Harry Underwood nod ever so slightly in the direction of the car in which were the four of my father's men who had come first to the rendezvous. And at the signal, the leader of the men would laugh heartily.

"Aren't you the suspicious babies, though?" he gibed. "Your little pals are all safe and sound. As soon as everything is adjusted here, we'll lead you to your comrades. It that okay?"

"Looks as though it would have to be," the leader growled. "Thank you," my father's man said with a flamboyant flourish of his hand, and then the other man put a query which intensified my quaking fears.

"Well, what are you waiting for?" he asked. "Get your babies out of that car and over in this one, and then take the box and scream out of here!"

Two Men Might Die

That meant—and there was ice in my veins at the thought—that they expected our men to go ahead with the box and leave Blake and Watson (disguised as Noel and Mary) behind. There

NAVY CLUB APPROVES U. S. ARMAMENT PROGRAM

The Marion Navy club went on record as being ready to assist in combating subversive elements in the United States and approving the present armament program, particularly the building of a bigger navy and air force as the "first line of defense" of the country, at a meeting last night at the Armory.

Lester Watt, past commander, and Henry Uline, delegates to the national convention held recently in Vineland, N. J., gave detailed reports of convention activities. Mr. Watt, who was appointed national master of arms, and Mrs. Margaret Foreman, who was elected national senior vice commander of the auxiliary, were formally received.

The club and auxiliary will have their annual picnic Sunday at the Harpster park. Cars will leave the courthouse at 2 p. m.

2 SCHOOL REUNIONS HELD AT UPPER SANDUSKY PARK

Special to The Star

UPPER SANDUSKY, July 9.—Two reunions were held at Harrison Smith park here Sunday for former pupils teachers and friends of former elementary schools. The twenty-fifth annual Eureka or Four Corners school reunion was held at 55 percent from Friday, Saturday, Sunday, Monday, and Tuesday.

Upper Sandusky, Kenton and Crestline Attorney A. K. Hall, of here addressed the group. Officers re-elected for the year were William Miller of Upper Sandusky, president, and J. G. Stull of Upper Sandusky, vice president. Plans were made to hold the reunion at the park again next year on the first Sunday after July 4.

Nearly fifty were in attendance for the Marion school reunion. Present officers were elected for the year, they being B. C. Harmon of Upper Sandusky, president, and Mrs. B. C. Harmon of Upper Sandusky, secretary-treasurer. The next reunion will be held the first Sunday in July, 1942.

COURT ACTION FILED IN UNION CO. STRIKE

Action Is Sought Against
Pickets at Marysville.

Special to The Star
MAY 9.—The members of the three-day strike of the Fisher Brass, Inc., at Marysville, are being restrained by a court order from picketing the factory. The court, which was held by Judge J. L. Cameron, said that the pickets were not allowed to enter the factory without injury to the property and that the factory was to be run normally with the exception of the strike.

peaceful picketing. The injunction was filed by Attorney Richard C. Thrall and was signed by 14 plaintiffs.

David T. Readley, labor negotiator from the U. S. Dept. of Labor who has been trying to settle the dispute failed to arrive for further discussions yesterday and announced that he would be here Wednesday to interview both company officials and try to bring them together.

FRENCH VOTE SEALS DOOM OF REPUBLIC

Pétain Given Free Hand To
Write New Constitution.

By The Associated Press
VICHY, France, July 9.—The French parliament gave the government of Premier Marshal Henri Philippe Pétain a free hand today to write a new, totalitarian constitution.

The swift parliamentary action virtually sealed the doom of the third French republic.

After the chamber of deputies had voted 395 to 3 for a bill granting the Pétain government full powers to write a new constitution, the senate concurred with 223 votes to only one against.

All that is needed now is final approval of the national assembly—composed of the two houses sitting together. The vote in both branches today makes the outcome at the assembly meeting tomorrow in the Vichy casino a certainty.

FOUR-YEAR-OLD SON OF MARION COUPLE DIES

Child of Rural Mail Carrier
Stricken; Rites Thursday.

Stanton Keith James, 4, only child of Mr. and Mrs. Newell D. James of 458 East Center street, died today at 10:30 a. m. at his home. He was seriously ill 10 days.

The child was born in Marion on Dec. 4, 1935, to Newell D. James, a native of Meeker and Mildred C. Pence James, who was born at Delphos. His father is employed as a rural mail carrier out of the Marion post office. A brother preceded him in death.

Friends may call after noon Wednesday at the Schaffner-Denzer Co. funeral home on East Center street where the funeral will be conducted Thursday at 2 p. m. Burial will be made in Marion cemetery.

GRAND CIRCUIT AT TOLEDO

By The Associated Press
TOLEDO, O., July 9.—Rain beat most of the entries to the starting line as grand circuit harness racing opened a five-day stand with a curtailed program last night—but it didn't overtake Florinel.

The bay filly won the \$1,500 Pennsylvania stakes. Rain held off long enough for Greyhound, world champion trotter, to capture the first heat of the free-for-all trot, carrying a purse of \$3,000.

FIVE STATIONS ROBBED

By The Associated Press
COLUMBUS, O., July 9.—A pair of bandits held up five service stations in the city in less than an hour last night and escaped with \$123.

GALION—Eugene Wilcox was installed as councilor along with other newly elected officers at a meeting of the Junior Order, United American Mechanics, held Monday evening.

County Filling Clothing Quota for Red Cross Refugee Work

Raising of War Relief Fund Lags, However; Appeal
for Contributions Made.

Marion county is filling its war relief quota of sweaters and dresses for refugees in Europe, but still is \$3,071.64 short of its second war relief quota of \$4,000 in money, it was announced at the monthly meeting of the board of the Marion County Red Cross chapter Monday at Hotel Harding.

Ralph E. Carhart, war relief chairman, reported that to date \$928.36 has been contributed toward the relief fund. So far there have been some collecting centers at which no money has been contributed, he reported.

He urged that residents of the city and county rise to the appeal and make some contribution at the earliest possible time, in view of the urgent need abroad. He announced that money may be left at any bank in the city and county, and may be mailed or taken to the chapter office in the Y. M. C. A. building on South State street.

Materials for sweaters for men, women and children, and dresses for women and girls in the stricken areas have been issued, Mrs. Paul Knauss, volunteer chairman, told the board. Several women's organizations in the city and county have made themselves responsible for sizeable knitting and sewing projects, she reported.

Swimming Classes
The chapter's annual free swimming classes were explained to the board by Dr. Frederick Rea, life saving chairman.

The classes opened Monday morning and will continue through next week, every day except Saturdays and Sundays. The only catch is the admission to the park, which has been reduced for those in the classes, Dr. Rea explained.

Sixty-one young people enrolled in the beginners' class and swimmers' classes Monday morning, one of the largest first-day enrollments in the history of the free classes, according to chapter records.

Seven advanced swimmers enrolled in the afternoon life saving classes and eight adults began swimming lessons Monday night. It is expected that enrollments in all classes will increase from day to day.

Report Given
The report of Dr. F. L. Thomas, first aid chairman, was given by the executive secretary, Miss Lilian Plack, in the absence of Dr. Thomas, who is vacationing in Michigan. Seven classes in standard Red Cross first aid are now under the instruction of John Sekinger. Miss Plack also reported that the chapter supplied a first aid station at the recent air races and that Theodore Blownlee who was in charge took care of three minor injuries.

Miss Plack reported 207 office interviews during June and eight visits to homes. Thirty veterans cases were given Red Cross service, according to her report, and she had 168 cases involving information only.

The meeting was presided over by the chapter chairman, J. B. Ellis.

Sewer Fee Ordinance Before City

(Continued from Page 1)

rate of \$2 per unit, might have only one toilet unit. In such a case the \$4 minimum rather than the \$2 per toilet unit fee would apply.

The proposed ordinance provides for collection of the fee in semi-annual installments. For residents of the First ward, the fee would become due on the first day of June and December, in the Second ward on the first day of May and November, in the Third ward on the first of April and October, in the Fourth ward on the first of March and September, in the Fifth ward on the first of February and August, and in the Sixth ward on the first of January and July. The staggered collection system, officials pointed out, is intended to reduce the cost of collecting the fee to a minimum.

The ordinance provides that rental charges, if not paid within 90 days of the date due, shall be certified to the county auditor and become a tax lien on the property.

The ordinance gives the service director authority to manage and control the sewer system and sewage treatment works in a "safe, healthful, economical and efficient manner." It is empowered to make any rules and bylaws necessary to govern the system, and he is named to take charge of collecting the sewer fees.

In Effect Elsewhere
In a discussion of the sewer fees last night, Mayor Snare pointed out that most Ohio cities already have a fee of this kind, and that Marion has been greatly in need of sewer fees for a number of years. The sewage treatment works has been neglected, little has been done to correct the tangled storm water and sanitary sewer lines of the city, and there has been little hope of getting general fund revenues for that purpose, he said. He also made reference to recent complaints of water backing up in basements of Marion homes as an example of corrections needed in the city sewer system.

The sewer rental fee plan is expected to make a worthwhile program of maintenance and repair work possible and, by relieving the city general fund of the payroll expense and other operating costs of the sewage treatment works and to release enough funds to provide equipment for the city fire department.

Mayor Snare said today that the city has been appropriating approximately \$14,000 a year for the sewage treatment works and sewer work in the past. The sewer rental fee program would raise not only this amount but from \$10,000 to \$16,000 a year in addition, if estimates based on a preliminary sewer survey here materialize, he pointed out. This would leave \$10,000 or more a year available to council, a figure that might be used to buy fire equipment, if the need for fire equipment is felt urgent enough, bonds could be issued for new equipment and the bonds could be retired from the sewer rental fee funds, he said.

One Complaint
There was no unfavorable comment on the sewer rental fee plan last night excepting that Councilman D. R. Bigger, a member of

the sewer committee, complained he had not seen the measure before and felt it should pass through the sewer committee before coming before council for a vote. Mayor Snare answered that the measure had been considered more as a financial problem than a sewer problem, and for that reason had been drafted largely by the finance committee. He said he did not expect council to take final action last night, but was anxious for councilmen to go over the measure carefully before possible objections of the sewer committee have any recommendations. He said he would give consideration before final action is taken, the mayor said.

Meters Discussed
Parking meters became a topic for council discussion when Councilman Bigger demanded to know why an advertisement for bids on meters, to be opened by the city board of control Thursday, called only for automatic meters as distinguished from manual type meters. He said he understood the manual type were used in more cities than the automatic type, and that they were less expensive. "It looks queer to me that we shouldn't even have a chance to decide which type of meter we want," Councilman Bigger declared. "I want to know why the advertisement was written the way it was and I want to make a motion that we re-word the ad to let manufacturers of manual type meters bid as well as makers of automatic meters. I also move that we delay the opening of bids 15 days."

Mayor Snare answered that the parking meter legislation authorized Safety-Service Director Caldwell, who was not present when Mr. Bigger made his inquiries, to write the specifications for the meters, and that he had decided against the manual type and in favor of the automatic type out of consideration for the persons who would use the meters.

Explains Preference
Director Caldwell, questioned after the meeting, said he had made a careful study of meters used in other cities and decided against manual-type meters for Marion. The manual meter requires the customer to insert a coin and then pull down a lever to "cock" the meter or wind it. In the automatic type, a representative of the city goes around once a week to collect the money in the meters and while doing this winds a spring that operates the meter whenever a coin is inserted.

"Every Ohio city that has parking meters has the automatic type—one use the manual type," Director Caldwell said. "In some cities there have been bitter fights about the two types, but all Ohio cities I contacted are well satisfied with the automatic type even though they are somewhat more expensive." He added that it is possible, in some of the manual types, for the customer to "gyp" the city and that some types result in misunderstandings with motorists and difficulties in court.

Expect Thursday Action
Although council adopted Councilman Bigger's motion to change the wording of the advertisement and delay the opening of bids, it appeared likely today that the bids will be opened Thursday as previously planned. Director Caldwell and Mayor Snare, who comprise the board of control, said they had been informed by City Solicitor Kenneth Robinson that last night's motion was not sufficient to set aside action that previously had been taken by a resolution of council. Councilman

LOCK!

Your Back Door too!
A home-owner who lock the front door and leave the rear open would be foolish, of course. But—he wouldn't be any worse than the man who insures against fire only . . . and leaves himself wide open to loss from other dangerous risks.

INSURE WITH KETTE
72-517
TO BE DONE

Bigger's motion was opposed by Councilman Darsey, Wilhelm and Rogers, but it carried.

Councilman Basil Williams complained in the conference before council meeting, about permitting boys to peddle ice cream bars made in Columbus. He pointed out that the bars are peddled throughout Marion in white push-cart-type ice boxes by a company that maintains no representative nor store here except in the summer months and which is not actually operating a store here although it is making a pretense of having one on Davis street. Marion companies can't peddle ice cream bars in Columbus, but Columbus companies can sell them here, Councilman Williams complained. Councilmen, after a discussion pointed out it would be difficult to pass any legislation charging such companies a stiff permit fee such as was proposed by Councilman Williams without working a hardship on several types of business that were definitely desirable. No action was taken excepting that City Clerk Walter Guthrie read a copy of a letter he had addressed to the Columbus company warning it that its peddling fees, costing \$2 for each bar, would be revoked if the company did not operate a bona fide retail store in Marion. He explained that the city licensing board had granted the permits only upon the assurance of the company that it would open a retail store in Marion.

Overdue Fees Collected
City Solicitor Robinson informed councilmen last night that the list of a total of \$960 in overdue sewer rental fees for persons living outside the city limits had been collected. This amount was overdue as of Jan. 1, he said, adding that all payments are now up to date. The city charges \$10 a year for sewer connections outside city limits. Most of these are in Vienna Heights.

A H. Marks spokesman for a group of Pearl street residents, made further inquiry about council plans for the sewer. He said that WPA work to widen the street had been authorized and that work would be started later.

Councilman Bigger asked what had been done about the city's \$12,000 relief deficit, reminding council that he has proposed some revenue-raising plans in the past to meet the deficit. No one answered his inquiry, but Mayor Snare after the meeting said the deficit is \$8,445 rather than \$12,000.

Council authorized the Marion-Reserve Power Co. to install a street light at the intersection of Durfee drive and Mandana avenue. It also repealed a previous resolution authorizing the transfer of a light south of Mt. Vernon avenue on Durfee drive.

A transfer of \$300 from the police payroll fund to the account for electric power for the police station was authorized. This was made necessary by requirements of police radio equipment officials said. Another fund transfer was made to the health department to pay for salaries.

SPORTSMEN BUILD DAM IN MORROW CO.

Local Group Acts To Improve
Whetstone Fishing.

Special to The Star
MT. GILEAD, July 9.—After two years during which members of sportsmen's organizations here attempted to secure a definite program of small dam building for the Whetstone, local men took the matter into their own hands and built a dam three feet high just south of the concrete bridge on Route 42, east of here.

Members of the Morrow County Sportsmen association built the dam in one day without outside aid except for certain pieces of machinery supplied by K. B. Graham, county engineer, who also supervised the construction work.

Water will be backed up several hundred feet. The purpose of the dam is to eventually provide better fishing in the stream, and it is also useful for conservation of water.

More such dams will be built in the Whetstone either with or without the aid of the state department of conservation. The department officials announced this week that they will cooperate in furtherance of the program. Dams will probably be built soon between here and Cardington and possibly below Cardington.

**MINNETONKA COUNCIL
OFFICERS INSTALLED**
Officers of Minnetonka Council No. 24, Degree of Pocahontas, were installed at a potluck dinner meeting last night. Mrs. Florence Custer, the installing officer, was assisted by Mrs. Mabel Huddle and Mrs. Rose Seiter.

The following were installed: Mrs. Martha Roberts, prophetess; Mrs. Iris Crowley, Pocahontas; Mrs. Helen Johnson, Winona; Mrs. Ada Keeler, Pocahontas; Mrs. Elsie Carey, keeper of wampum; Mrs. Minnie Van Asbeck, keeper of records; Mrs. Laura Eaton, collector of wampum; Mrs. Leonard

ITALY AND GERMANY MAP BRITISH DRIVE

2 To break B's main empire
3 To defeat her at home in
imperial territories and at sea
Each axis power has definitely
assigned tasks for these goals
Gayda editor of Il Giornale
D'Italia said.

Italy's job he declared is to
strike at the British at four places
on land and Harass British ship-
ping in the Atlantic, Mediterranean
Red Sea and Indian ocean
and above all immobilize a large
part of Britain's seapower in the
Mediterranean.

On land Gayda said Italy is
assigned to strike at Egypt from
Cyrenaica in Libya at the British
Egyptian Sudan from East
Africa at Kenya and at British
Somaland.

Italian action against Soltum
capture of Kassala British fort in
Mayale and bombardment of
Aden and Perim were indications
of Italian initiative along these
lines, Gayda said.

Why Let Stomach Ulcer
Pains Starve You?

A great specialist found that by
using bismuth to coat the stomach
lining on the sensitive parts thus
preventing the irritating action of
digestive secretions and foods en-
ables many sufferers of a stomach
ulcer to eat a healthy diet—
even steak and corn beef and
cabbage—without severe after-
pains. Edga Tablets contain
bismuth and other valuable ingredi-
ents in a balanced formula that
have been proved to relieve
stomach and stomach ailments
caused by excess acid. Edga
Tablets are safe to use and must
help your stomach. Refunded if

ACTION ON HATCHERY IN UPTOWN AREA DELAYED

Pending completion of a study
of information from cities with
hatcheries located in the uptown
district the city planning com-
mission at a special meeting Mon-
day in the mayor's office decided
not to take action on the petition
of J. M. Hamilton and the Colon-
ial Poultry Farms Inc. to use the
Hamilton building just west of
the Ed C. Watters garage on East
Center street for a chick hatchery.

Members of the commission
said they have made extensive
inquiries in cities having hatch-
eries in the business district as to
whether the city has any objection-
able features. Several replies are
being awaited and as soon as they
are received the commission will
meet again. It was indicated the
meeting probably would be the
last of the week or early next
week.

Why Let Stomach Ulcer
Pains Starve You?

A great specialist found that by
using bismuth to coat the stomach
lining on the sensitive parts thus
preventing the irritating action of
digestive secretions and foods en-
ables many sufferers of a stomach
ulcer to eat a healthy diet—
even steak and corn beef and
cabbage—without severe after-
pains. Edga Tablets contain
bismuth and other valuable ingredi-
ents in a balanced formula that
have been proved to relieve
stomach and stomach ailments
caused by excess acid. Edga
Tablets are safe to use and must
help your stomach. Refunded if
good drug stores ever here—Ad.
